

THE SMART SOLUTION FOR FASTER PAYMENTS FROM YOUR CUSTOMERS

ČSOB Push Payment

Are you an entrepreneur without the need for your own e-shop and you want to make the invoicing easier for yourself and your clients and following up paying for your orders? Or are you a larger company that wants to **make the payment process as quick and easy as possible for your customers?**

Forget about just sending an invoice to the customer and waiting for a long time for money by payment order. Choose the Push Payment by ČSOB and send your customer a link to a payment gateway, where they can instantly and easily pay. Whether they choose to pay by card or by direct debit, you will be notified immediately and the payment is guaranteed.

ADVANTAGES OF PUSH PAYMENT BY ČSOB:

- Simplifying the invoicing process – no more complex payment instructions via e-mail, no more mistakes when manually issuing payment details.
- Simplifying payments from customers – no risk of mistakes when transcribing data.
- Professional communication – you send only one single link.
- Can be paid only once – no worries that the customer accidentally pays multiple times.
- No need of integration into the e-shop – you generate payment links in our web application.
- Machine implementation within eAPI is also a matter of course.

5 PRACTICAL STEPS TO KEEP YOUR INVOICING PROCESS RUNNING SMOOTHLY:

Conclude a payment gateway contract

Enter the payment details in the system

You get a generated payment link

Send the link to your customer using e-mail or SMS

Wait for the guaranteed payment from your customer
